

List of resources on false climate solutions

11/2023

Reports & briefings

- [The Africa Carbon Markets Initiative: a Wolf in Sheep's Clothing](#), Powershift Africa, September 2023
- [In-depth Q&A: Can 'carbon offsets' help to tackle climate change?](#), Carbon Brief, September 2023
- [Factsheets: 'nature based solutions' and soil carbon farming](#), Friends of the Earth International, July 2023
- [End Financing and Promotion of False Solutions](#), Demand Climate Justice, June 2023
- [Divest public climate finance from false solutions: A roadmap towards gender-just & real climate justice](#), Global Forest Coalition, June 2023
- [Destruction is at the heart of everything we do: Chevron's junk climate action agenda and how it intensifies global harm](#), Corporate Accountability International, May 2023
- [State and Trends of Carbon Pricing 2023](#), World Bank Open Knowledge Repository, May 2023
- [Net-Washed - How a Rubric for Real Zero can solve the problem of Net-Zero Greenwashing](#), Action Aid, April 2023
- [Solar radiation modification: a dangerous distraction from required emissions reductions](#), Climate Analytics, March 2023
- [Germany's great hydrogen race - The corporate perpetuation of fossil fuels, energy colonialism and climate disaster](#), Corporate Europe Observatory, March 2023
- [Agricultural Carbon Markets, Payments, and Data: Big Ag's Latest Power Grab](#), Friends of the Earth US, March 2023
- [Twelve problems with the European Commission's proposal for a Carbon Removal Certification Framework](#), Institute for Agriculture and Trade Policy, March 2023
- [Hydrogen Hype - Pay no attention to the polluter behind the curtain](#), Friends of the Earth US, February 2023
- [Solar Geoengineering Myths Debunked](#), Solar Geoengineering Non-Use Agreement, January 2023
- [The Carbon Con - How offsetting claims are vastly inflated](#), Source Material, January 2023
- [COP27: What's at stake regarding false solutions?](#), Friends of the Earth International, November 2022
- [Double Jeopardy - The rising threat to food sovereignty and agroecology from false climate solutions](#), Friends of the Earth International, November 2022
- [The Land Gap report](#), Melbourne University, Lund University, Third World Network, and others, November 2022

Reports & briefings continued

- [Carbon capture from biomass and waste incinerations: Hype versus reality](#), Biofuelwatch, November 2022
- [Climate-Smart Agriculture](#), Indigenous Environmental Network, November 2022
- [Carbon farming: How big corporations are driving the EU's carbon removals agenda](#), Institute for Agriculture and Trade Policy, November 2022
- [Contentious issues over Article 6 of Paris Agreement on 'cooperative approaches'](#), Third World Network, November 2022
- [Operationalise Article 6.8 for Non-Market Approach to Real Solutions & Real Zero](#), Demand Climate Justice, November 2022
- [Real Zero, net zero, and the European Commission's proposal for a carbon removal certification framework](#), Real Zero Europe, November 2022
- [The illusion of green hydrogen](#), ReCommon, November 2022
- [The Deadly Climate Gamble - Dirty Energy bets on unproven 'carbon removals' to keep fossil fuels flowing](#), Corporate Europe Observatory, October 2022
- [How Shell is using Nature Based Solutions to continue its fossil fuel agenda](#), Friends of the Earth Netherlands/Milieudefensie, October 2022
- [Deconstructing the Hype on Hydrogen Hubs](#), Friends of the Earth US, July 2022
- [Fossil Futures Built on a House of Cards](#), Friends of the Earth International, June 2022
- [REDD+: a mechanism rotten at its core](#), World Rainforest Movement, May 2022
- [Hydrogen in the Transition to a Low-Carbon Future: The Case for Public Ownership](#), Trade Unions for Energy Democracy, May 2022
- [Morocco, Algeria, Egypt: Assessing EU plans to import hydrogen from North Africa](#), Corporate Europe Observatory and Transnational Institute, May 2022
- [Hydrogen from North Africa – a neocolonial resource grab](#), Corporate Europe Observatory, May 2022
- [IPCC Unsummarized: Unmasking Clear Warnings on Overshoot, Techno-fixes, and the Urgency of Climate Justice](#), CIEL and Heinrich Boell Foundation, April 2022
- [From Glasgow to Kunming: Climate and biodiversity together at last?](#), Third World Network, March 2022
- [IPCC: Controversy over 'nature-based solutions' term in assessment report](#), Third World Network, March 2022
- [Carbon Farming: A new business model – for who?](#), European Coordination Via Campesina, March 2022
- [Hydrogen Factsheet](#), Friends of the Earth Scotland, November 2021
- ["Nature-based solutions" \(NbS\) and claims about their mitigation potential](#), Third World Network, October 2021
- [Nature Based Solutions: A wolf in sheep's clothing](#), Friends of the Earth International, October 2021
- [Carbon Markets at the UNFCCC – COP26 and Article 6 and Net Zero](#), Friends of the Earth International, October 2021
- [Geoengineering and Net Zero at COP26](#), ETC Group, October 2021
- [The Big Con: How Big Polluters are advancing a "net zero" climate agenda to delay, deceive, and deny climate action](#), Friends of the Earth International, Global Forest Coalition, Corporate Europe Observatory, June 2021
 - see also [Still a Big Con: How Big Polluters are using "net zero" to block meaningful action at COP26](#), October 2021

Reports & briefings continued

- [Chasing Carbon Unicorns: The deception of carbon markets and “net zero”](#), Friends of the Earth International, April 2021
- [A Leap in the Dark: The Dangers of Bioenergy with Carbon Capture and Storage \(BECCS\)](#), Friends of the Earth International, April 2021
- [Hoodwinked in the Hothouse – Resist false solutions to climate change](#), by several organisations, 2021
- [“Nature-based Solutions” and the Biodiversity and Climate Crises](#), Doreen Stabinsky and Third World Network, 2021
- [Characteristics of false solutions to the biodiversity and related systemic crises](#), Friends of the Earth International, December 2020
- [Not Zero: How ‘net zero’ targets disguise climate inaction](#), Global Campaign to Demand Climate Justice, October 2020
- [Nature-based solutions or nature-based seductions?](#), Third World Network, September 2020
- [Real Solutions, Real Zero: How Article 6.8 of the Paris Agreement Can Help Pave the Way to 1.5](#), Corporate Accountability, 2019
- [Our Land is worth more than Carbon](#), CCFD Terre Solidaire, July 2018
- [Big Bad Fix – The Case Against Climate Geoengineering](#), ETC group, November 2017
- [REDD+ the carbon market and California-Acre-Chiapas cooperation](#), Friends of the Earth International, June 2017
- [Stopping the continent grab and REDDification of Africa](#), No REDD in Africa network, November 2016
- [Last-ditch climate option or wishful thinking? Bioenergy with carbon capture and storage](#), Biofuel Watch, November 2015
- [Traps and dangers of REDD and other Forest Conservation Projects](#), Friends of the Earth International, September 2015
- [10 things communities should know about REDD](#), World Rainforest Movement, May 2015
- [The great REDD gamble](#), Friends of the Earth International, October 2014
- [Protecting carbon to destroy forests – Land enclosures and REDD+](#), Carbon Trade Watch, April 2013
- [An Update on the World Bank's Experimentation with Soil Carbon](#), Institute for Agriculture and Trade Policy, September 2012
- [The Clean Development Mechanism projects in the Philippines](#), Focus on the Global South, June 2010
- [Carbon Trading – A Critical Conversation on Climate Change, Privatisation and Power](#), Larry Lohmann, September 2006
- [Trouble in the air – Global warming and the privatised atmosphere](#), Centre for Civil Society, 2005
- [Geoengineering, false climate solutions and technofix tricks](#), HOME and HOMEF, 2022
- Collection of [briefings and factsheets](#), Geoengineering Monitor
 - [Ocean fertilisation](#), 2021

Blogs, articles & press

- [The dirty truth about the EU's hydrogen push](#), Corporate Europe Observatory, September 2023
- [Revealed: top carbon offset projects may not cut planet-heating emissions](#), The Guardian and Corporate Accountability International, September 2023
- [Analysis: How some of the world's largest companies rely on carbon offsets to 'reach net-zero'](#), Carbon Brief, September 2023
- [Timeline: The 60-year history of carbon offsets](#), Carbon Brief, September 2023
